Overcrowded conditions also increase the risk of injury to both staff and juveniles. Research on alternatives to secure detention and confinement have found them to pose no greater risks to the public than secure detention or confinement. In addition, alternatives to detention or confinement tend to be less costly.

New Public Management (NPM) is an approach to running public service organizations that is used in government and public service institutions and agencies, at both sub-national and national levels. The term was first introduced by academics in the UK and Australia [full citation needed] to describe approaches that were developed during the 1980s as part of an effort to make the public service ...
