Pre-classical microeconomic theory. Before, Adam Smith, economics was more disparate with no commanding overall theory.

Philosophers like Aristotle and Plato made references to issues in economics such as division of labour. The dominant ideas, pre-classical economics, were based on theories of mercantilism - the idea a nation should try to accumulate gold. Classical microeconomic theory ...

[Microeconomic Theory](#)

The theory of supply and demand is an organizing principle for explaining how prices coordinate the amounts produced and consumed. In microeconomics, it applies to price and output determination for a market with perfect competition, which includes the condition of no buyers or sellers large enough to have price-setting power.
